

The Book of Revelation – *A Manual for Maniacs!*

God gave us the gift of reason as a guide. It allows us to discriminate between good and bad, between true and false and between the reasonable and the unreasonable. The Book of Revelation in the Bible is very much unreasonable!

Thomas Jefferson, one of the greatest minds produced in America, had this to say about the Book of Revelation: “It was between fifty and sixty years since I read it and then I considered it as merely the ravings of a maniac, no more worthy, nor capable of explanation than the incoherence of our own nightly dreams . . . What has no meaning admits no explanation!” (Thomas Jefferson: In His Own Words, page 361)

A recent survey shows that 59 percent of the US population believes in the nonsense of this ancient Middle Eastern book of fear and superstition! It does NOT warrant belief because it goes directly against our God-given reason. Don't be played for a fool – use and enjoy your gift of reason!
